I am writing in connection with the planned expansion of Dolley Madison Boulevard (Route 123) in McLean. This construction, which I understand is being planned in connection with the expansion of the CIA Headquarters, is, in my opinion, unnecessary, disruptive, and destructive of our neighborhood. It would ultimately change Dolley Madison from a community boulevard to a multilane, limited access, arterial expressway. Based on everything I have seen (including the proposed alternative changes), I think the entire problem related to the additional employees at the expanded CIA could be alleviated with improved access to the George Washington Memorial Parkway. The Turkey Run Farm Road entrance to the CIA could also be enlarged to handle the additional traffic without changing Dolley Madison Boulevard and, thus, greatly to inconvenience those of us "locals" that rely on Dolley Madison daily. Please do whatever you can to prevent this unnecessary and expensive project.

Sincerely,

[Redacted]
